This copy of *the Snowy Day* was adapted with a variety of tactile cues (e.g., puffy paint on a number of pages -- footprints, tracks, snow balls; fabric). The last photo shows communication cards scanned from pages of the book and adapted with the same tactile cues that were added to the pages. The communication cards can be used to aid the student in answering questions in during, before, and after reading strategies.

EZRA JACK KEATS

## THE SNOWY DAY

PUFFIN BOOKS

He picked up a handful of snow — and another, and still another. He packed it round and firm and put the snowball in his pocket for tomorrow. Then he went into his warm house.

He told his mother all about his adventures while she took off his wet socks.
