

My Bath Book is a homemade book, with an accompanying story box, using object symbols. These symbols serve as concrete cues that can enhance comprehension and can be used to aid the student in answering comprehension questions –before, during, and after reading strategies.

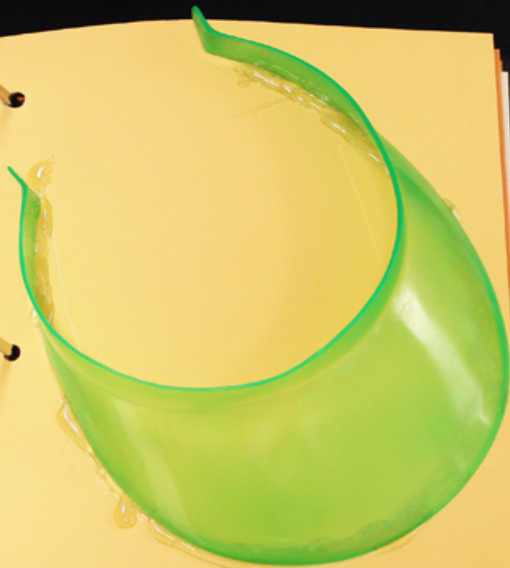

My Bath Book

I like using my
bath mitt.

I like the smell
of my soap.

I like my visor. It keeps
soap and water out of
my eyes.

I like the smell of
my shampoo.

I like to play with
these balls in the
bath.
